

# Hi, I'm **abby**

Seeking an opportunity to join a practice that shares my passions of eye care, technology and solving the many inefficiencies of ordering contact lenses for both the patient and practice.

## **EXPERTISE**

### **Simplifying Business**

I make life easier for eye care providers by taking work off their plate so they can focus on their patients and make life easier for patients by ensuring their contact lens ordering experience is stress-free.

### **Elevating Eye Care Providers**

I approach eye care differently by ensuring the doctor-patient relationship stays whole. My main goal is to keep patients and profits in the practice where they belong. I'm committed to making the practice the HERO through efficient ordering and communication on behalf of the provider.

## **TOP SKILLS**

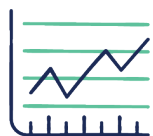

### **FLEXIBILITY**

I work effectively with all four leading major soft contact lens manufacturers' brands

### **EXPERT COMMUNICATOR**

I pride myself on timely, informed, and targeted messaging to both the patient and practice

### **RESULTS DRIVEN**

I'm always ready for a performance review and I'll be prepared to share detailed order and revenue metrics to prove my value

**Friendly and convenient web-based contact lens ordering system that keeps patients connected to eye care providers**

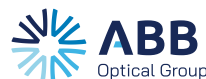

I love the work I do and the people I do it with. I believe eyes are super important—and fun! 😊

I'm lucky to collaborate with doctors, staff, and patients to help people see the world, and all the good in it, a little more clearly.

**I am excited about the opportunity to add value to your existing team.**
